**HENRY BERGEY
BECOMES A
CENTENARIAN!**

Henry Bergey celebrated his 100th birthday on 10/2/2022. To commemorate and honor Henry, every Bergey's location helped bless our local communities by selecting a local, non-profit organization to receive a donation in his honor.

One of Henry's legacies is his generosity. He strives to be a faithful steward of the blessings that have been entrusted to him. He has continually reminded his family that every blessing is a gift from God, and we are all called to bless others.

IN MEMORIAM FERN YOTHERS

It is with sadness we announce the passing of Fern Yothers on Wednesday, July 26, 2023. Fern served Bergey's for over 30 years with dedication, passion, and humility. She was a former bookkeeper and donations coordinator for Bergey's. She was hardworking, generous, and enjoyed growing up and being part of her family's business. Fern leaves behind many loved ones including family members that currently work at Bergey's - Henry Bergey (father), Robert Yothers Sr. (husband), Bob Yothers Jr. (son), Betsy Moyer (daughter), Ben Yothers (son), Glenn Bergey (brother), as well as numerous beloved nieces, nephews, and extended family. She also loved and appreciated all Bergey's team members and their contributions to the company.

Fern's life verse is found in John 14: 1-4.

Do not let your hearts be troubled. You believe in God; believe also in me. My Father's house has many rooms; if that were not so, would I have told you that I am going there to prepare a place for you? And if I go and prepare a place for you, I will come back and take you to be with me that you also may be where I am. You know the way to the place where I am going.

Fern will be sorely missed and remembered with fondness.

BERGEY'S BEHAVIORS

We are
driven to serve

by treating others the way we want to be treated.

It is my hope that 'Bergey's Behaviors,' in conjunction with our mission, vision, and values, will guide us as we continue to serve each other with positivity, compassion, and respect.

-Mark Bergey, CEO

Our culture has allowed us to grow and to serve the transportation industry since 1924. As we approach our centennial, it is critical that we protect and fortify our culture so that we can continue to serve others well in the years ahead.

In an effort to strengthen our unique culture, we launched "Bergey's Behaviors," a set of decision-enablers that create boundaries for what is acceptable in our company. This initiative is intended to clarify expectations and create accountability throughout the organization. Wallet sized Bergey's Behaviors booklets were sent to each team member in January 2023 and each month, we focus on one behavior across the company.

One Bergey.

Each team member is tasked with the same mission. Be a team player for the entire organization. Help, mentor, and coach fellow teammates. Build strong relationships. Share best practices. Focus on the greater good. Leverage our team resources to help everyone win.

Be a Humble Servant.

Put others first. Give generously of the gifts you have been blessed with. Don't ask of others what you are not willing to do yourself - there is no room for entitlement or ego. Be Driven to Serve.

Be Professional and Kind.

Always act in a way that honors our company values. Use professional and kind words, tone, and body language. Avoid profanity. Treat everyone with dignity. Be respectful of opinions, backgrounds, time, and efforts. Offer grace – we don't know what others may be going through.

Do The Right Thing.

Integrity is non-negotiable. Always demonstrate a steadfast commitment to doing the right thing, even when no one is watching. Take responsibility for your actions and own your mistakes. If you are unsure of the right thing, ask for help. Consistent integrity builds trust.

Care.

Genuinely care about others. Be a steward of what has been entrusted to you, including people, gifts, and resources.

Provide Exceptional Service.

Consistently delight others by exceeding their expectations with exceptional experiences. Honor commitments. Continue to earn the trust of others so that we may have the opportunity to serve them again.

Be Positive.

Attitude is a choice – choose to be joyful, optimistic, and encouraging. Have a "Get To" mindset. Smile. Greet people. Have fun. Approach situations with a positive attitude and intentions. Believe in the positive intentions of others until proven otherwise.

Focus on Emotional Intelligence.

Think about how your actions and words impact others. Continually strengthen your emotional intelligence by focusing on self-awareness. Manage your emotions in positive ways to relieve stress, communicate effectively, empathize with others, overcome challenges, and diffuse conflict.

Seek Clarity.

Clearly define goals and expectations upfront to avoid misunderstandings, frustration, and inefficiencies. Ask questions that help you and others to understand the "why?" around an objective so that all parties involved can best support the end goal.

Actively Listen.

Listen to understand, not respond. Don't interrupt. Give consideration to what is being shared with empathy and without judgment. Don't dismiss others.

Celebrate Success.

Show gratitude for a job well done and look for opportunities to praise others. Value and recognize teammate contributions throughout the organization and celebrate the wins – even the small ones – whenever possible. Focus on reinforcing positive behaviors.

Get The Facts.

Gather all the facts before making assumptions. There is often more to the story than first appears. Be curious about what additional information and perspectives may give a more complete picture to determine next steps.

Be Driven.

We control our effort. Choose to deliver great results. Be self-motivated, seek knowledge and growth, and go the extra mile. Empower yourself and others in ways that move the needle forward in how we do business and serve others.

Steady and Improving.

Stay the course of our historic success. Seek innovative and superior solutions that support our company vision. Embrace change for the benefit of our customers, our team, and our communities.

Always Work Safe.

Ensuring that everyone goes home safe is critical. Think safety first for yourself and those around you. Maintain a high level of situational awareness and proactively eliminate or avoid risks and hazards.

Enjoy The Journey.

Life is a gift. Be intentional about how you are going to live each day to grow as a person and to positively influence those around you.
